AUDIO STREAMING

ALL THE MUSIC IN THE WORLD, AT YOUR FINGERTIPS

MINX Xi DIGITAL MUSIC SYSTEM

"A superb value package with proper hi-fi sounds that sets a new price benchmark."

A stylish little music system that does it all

Minx Xi handles just about any format of music, from any direction you might throw at it. It will wirelessly stream music from smartphones and tablets in their native quality. Music is accessed from your home network using driverless UPnP technology and Minx Xi will playback music files of all formats and sizes - up to stunning 24-bit/96kHz detail, including "lossless" files. Best still you can access and control all your music using our free app on your smartphone or tablet.

Wireless connection works using wi-fi or Bluetooth so it plays nicely with all brands of phone and tablet. And Minx Xi's streaming capabilities also include 20,000+ station internet radio and built-in streaming service support (BBC iPlayer Radio, Rhapsody and Pandora* among many others). Plus pushed firmware updates means Minx Xi is constantly evolving to support the latest and highest-quality services and gadgets.

* Services dependant on market availability

WHAT HI-FI?
SOUND AND VISION

"We think Cambridge has done a terrific job with the Minx Xi. It's easy to use, well built and sounds great."

STREAMMAGIC 6 UPSAMPLING NETWORK MUSIC PLAYER & PRE-AMPLIFIER

The perfect way to connect your digital music collection and hi-fi

Wherever your digital audio comes from, whatever format you store it in, the Stream Magic 6 network music player makes it sound stunning! From smartphones/tablets and laptops, to Blu-ray players, TVs and games consoles, and with support for audio streaming services including BBC iPlayer, Aupéo, and Pandora plus with access to over 20,000+ internet radio stations – the Stream Magic 6 doesn't just stream audio on to your

hi-fi amp and speakers, but dramatically improves it as it does – bringing out the ultimate in detail, clarity and quality from your digital audio.

Key to this is our unique ATF2 upsampling. Everything passing through the Stream Magic 6 is upsampled to highest-quality 24-bit 384 kHz with jitter and other digital audio issues eliminated. The result is stunning – we guarantee you'll be impressed!

The Azur 651W power amplifier

Why not connect the Stream Magic 6 directly to the 651W power amplifier, to create a truly astonishing digital music system!

Dimensions (W x H x D):	430 x 85 x 305mm (16.9 x 3.4 x 12.2")
Weight:	4.0Kg (8.8lbs)

About Cambridge Audio

A simple idea but one we believe we do rather well. Music plays a huge part in our lives and our mission is to show people who love music what a difference hearing their favourite tracks on an expert-designed audio system can make. Every Cambridge Audio product is designed in London by a team obsessed with music and like our own team, Cambridge Audio owners come from all walks of life and all corners of the world.

That's why at Cambridge Audio, we put just as much effort into developing systems for the kitchen, or digital music accessories to enhance audio from your computer as we do with our award-winning hi-fi separates.
